# Nabors Blue Force® Mud Motors Deliver Strong Performance Results in the Delaware Basin

---

Recently, the Nabors Drilling Solutions (NDS) team, along with 5" Blue Force® mud motors, successfully drilled 7,261 ft in 58 drilling hours, targeting the Wolfcamp shale formation for a major customer in the Delaware Basin. For this service, Nabors' Blue Force® motors were custom-built specifically for drilling applications in the Delaware Basin with an enhanced focus on power to provide maximum horsepower to the bit. Our motors provide operators with an increase in reliability and a reduction in overall drilling days.
